Meeting the educational needs of Eastern Kentucky while striving to constantly improve the quality of its public service, economic development and applied research programs are the primary objectives of Morehead State University.

Historically the University traces its lineage to the Morehead Normal School, which opened its doors in 1887. The private school closed in the spring of 1922 when the Kentucky General Assembly established Morehead State Normal School. The state institution accepted its first students in the fall of 1923 and graduated its first class in 1927. Name changes occurred in 1926 when "and Teachers College" was added, again in 1930 when it was shortened to Morehead State Teachers College, again in 1948 when "Teachers" was dropped and, finally, to university status in 1966. Twelve men, starting with Dr. Frank C. Button, have served as president. Dr. Ronald G. Eaglin assumed office as the 12th president on July 1, 1992.

Academically, the University offers 67 undergraduate degree programs, including 9 associate level degrees and 11 pre-professional programs in four colleges -- Business, Education and Behavioral Sciences, Humanities, and Science and Technology -- and 21 academic departments. There are 20 graduate degree programs plus two graduate level non-degree programs designed especially for professional educators. A post-master's level degree, education specialist, and a joint doctoral program with the University of Kentucky also are offered on the MSU campus.

Classes also are conducted in Ashland, Jackson, Maysville, Pikeville, Prestonsburg, West Liberty, Whitesburg and other locations. Extended campus centers located in Ashland, Prestonsburg, and West Liberty are staffed with full-time personnel. Additionally, the University offers a number of distance

learning courses throughout the region via Internet and interactive compressed video. Sixty-two percent of MSU's full-time faculty members hold doctoral degrees.

Physically, the University is located in the foothills of the Daniel Boone National Forest in Rowan County. The nearly 500-acre main campus within the city limits of Morehead includes more than 50 major structures with a total replacement value of more than \$144 million. Beyond the city, the University's real estate holdings include the 320-acre Derrickson Agriculture complex and a nine-hole golf course. The instructional plant includes 120 class rooms and 112 laboratories. Housing facilities include space for 3,400 single students and 178 families.

Fiscally, the University currently operates on an annual budget of \$76.9 million with about \$39.3 million provided by the state and \$37.6 million coming from tuition/fees and other sources. Additionally, grants and contracts from external sources for research, service and academic/student support projects generate about \$7.5 million each year. Private donations to the University, mainly through the MSU Foundation, Inc., have reached \$2 million.

Statistically, the University has awarded more than 42,000 degrees, has an average fall enrollment of more than 8,200 and nearly 990 full-time employees. The student body represents 100 Kentucky counties, 40 states and 32 foreign countries. The University attracts more than 55,000 visitors each year and its economic impact, directly or indirectly, on the Morehead area is estimated at more than \$70 million yearly.

Administratively, the University is governed by an 11-member Board of Regents with eight citizens appointed by the governor and three seats held by the elected faculty, staff and student representatives. Management of the institution is vested primarily in four divisions -- Academic Affairs, Administration and Fiscal Services, Student Life and University Relations. Each is headed by a vice president.

Athletically, the University sponsors 17 intercollegiate sports in accordance with the regulations of the Ohio Valley Conference and Division I of the National Collegiate Athletic Association. MSU also supports an intramural program involving more than 20 team and individual sports.

Dr. Ronald G. Eaglin

President

Dr. Ronald G. Eaglin, an outspoken proponent of student success strategies in college administration, has served since July 1, 1992, as the 12th president of Morehead State University in Morehead, Ky.

A native of St. Louis, Mo., President Eaglin came to Kentucky from the chancellorship of Coastal Carolina University in Conway, S.C. Previously, he was vice chancellor for academic affairs at the University of South Carolina at Spartanburg. Earlier, he was the southeast regional director of the American College Testing Program (ACT).

A former Chair of Kentucky's Conference of University Presidents, Dr. Eaglin holds a bachelor's degree in biology and mathematics from Southeast Missouri State University, a master's degree in student personnel administration from Southern Illinois University and a doctoral degree in education psychology from the University of Utah.

President Eaglin's expertise in student retention recently was highlighted in a research report he wrote for the American Association of State Colleges and University (AASCU) on the role of campus chief executives in helping students be successful in college. Dr. Eaglin was a member of the AASCU Board of Directors and had the distinction of representing two different institutions on the NCAA Presidents Commission. His consulting work in student personnel and academic matters has taken him in recent years to Cyprus, China and Ireland and to numerous campuses across this country.

President Eaglin is active in economic development matters in East Kentucky, serving presently by appointment of Gov. Paul Patton on the Kentucky Appalachian Commission and Education Pays Task Force. He is a member of the Board of Directors of the Morehead-Rowan County Chamber of Commerce and the Central Appalachian Alliance, a partnership of energy and land holding companies and universities in Kentucky, Virginia and West Virginia.

Dr. Eaglin and his wife, Bonnie, have four adult children and four grandchildren.

Mike Mincey

Vice President for Student Life and Director of Athletics

Mike Mincey, Morehead State's Vice President for Student Life and a former Eagle athlete, assumed responsibility for supervision of the University's athletics program in June, 1993.

An MSU administrative staff member since 1975, Mincey was appointed interim vice president in 1986 and assumed the title of vice president and Dean of Students in 1990 following a national search. Since joining the staff, Mincey has held a variety of posts including assistant to the vice president for academic affairs, grants coordinator and coordinator for academic support services.

In addition to the athletics program, Mincey also provides supervisory support to the areas of the Dean of Students, student activities, student development, financial aid and scholar-

A three-time graduate of the University, he earned a bachelor's degree and two master's degrees, one in higher education. The native of Waycross, Ga., has done advanced studies at Indiana University and is a member of the National Association of Student Personnel Administrators.

Prior to joining the MSU staff, he taught and coached in public schools in Flemingsburg, Ky., and Tifton, Ga.

Mincey earned four varsity letters (1965-68) as a member of the Eagle football squad. He was an all-stater at Ware County (Ga.) High School, and he was a member of MSU's last Ohio Valley Conference football championship squad in 1967.

His wife, the former Kathy Crusie of Lyndon, Ohio, is a two-time graduate of MSU and currently serves the University as an assistant professor of English. They have three children, Sarah, Jacob and Samuel.

Matt Ballard

Head Coach

Matt Ballard is in his sixth season as Head Football Coach at Morehead State University.

The former head football coach at Union College and assistant head coach and defensive coordinator at MSU spent one season (1994) as interim head coach before taking over on a full-time basis Dec. 1, 1994.

He has done a tremendous job in five seasons, taking an MSU program in transition and ravaged by transfers following the departure of the previous coaching staff, and leading the Eagles to a 6-4 in 1996, a 7-3 record in 1997 and a school-best 9-2 record in 1998.

A 41-year old native of Davidson, N.C., Ballard compiled a 35-25-1 record in his six seasons (1988-93) directing the Union football program. He led Union to its best single season record and to the institution's first Mid-South Football Conference championship. He was named Mid-South and NAIA District 32 Coach of the year in 1992.

He was on the MSU football staff for four seasons (1984-87) before accepting the head coaching position at Union.

Ballard was a four-year (1980-83) offensive/defensive coordinator at Georgetown College and spent one season (1979) as an assistant at Gardner-Webb.

A graduate of North Mecklenburg High School in Charlotte, he earned a bachelor's degree from Gardner-Webb in 1979 and a master's degree from Georgetown in 1980.

Ballard was pleased to return to the MSU campus and rebuild the program on a long-term basis.

"Our goals are simple," Ballard said. "We want to have a program that is first class. We will work to have a football program that meets the total needs of the student-athlete, to see that each young man will continue through our program and earn his degree. We will move toward a character-building program through our coaching and recruiting that will enable us to compete at the highest level and have fun doing it."

Ballard and his wife, the former Brenda Harwood, have a 15-year old son, Matthew.

6-0, 225, So., Bowling Green, Ky.

Had a 44-yard touchdown run against Bethel.

Position Analysis

Dinkins is an All-American candidate at quarterback and will no doubt be the target of most team's defensive concentration in 1999. There is no experienced backup, but freshmen **David Caudill** (6-1, 195, Fr.) and **Kyle Moore** (6-2, 180, Fr.) are capable of playing immediately. One of the two is likely to be red-shirted. **Seth Thompson** (6-2, 175, Fr.) is another newcomer.

Veteran's **Bone** and **Stennett** should start at the two halfback spots. They provide MSU with size, strength, speed and experience. **Dixon** and **Stephens** gained valuable experience last season. There are several talented freshmen including **Ron Captain** (5-10, 165, Fr.) and **Tony Wilson** (5-9, 145, Fr.) who may figure into the halfback rotation as the season move along.

Given the quality and depth at fullback, it's a shame that only one can play the position at a time. **Stegeman** is the most experienced candidate and will likely be the starter. **Wooldridge** has outstanding speed and quickness. **White** showed flashes of brilliance late in the 1998 season

Offensive Line

Co-captain of the Huntington High team as a senior.

Earned honorable mention on the 1998 Football Gazette NCAA Division I-AA Non-Scholarship All-America Team. Saw extensive action at center in 1997. Has made tremendous strides since joining the Eagle program following an all-star career at Carroll County.

Position Analysis

This position provided some of the preseason question marks. Gone from last season are starters Bubba Combs, a Football Gazette All-American, Brad Bien and Steve Bragg, along with key reserves Anthony McVicker and Fred Combs. **Bowen** and **Tillett** are both all-star candidates and will anchor the line this season. **Olecki** will likely join Bowen at tackle. The starters at guard should be lettermen **Burke** and **Stockdale**. **Eric Groves** (6-0, 296, Fr.), a red-shirt last season, moves from defensive to offense and may contend for a starting spot. Newcomers **Andy Cude** (6-3, 255, So.), **David Lockhart** (6-4, 255, Fr.), **Dustin Tymenski** (6-2, 253, Fr.) and **Zac Dearwater** (6-3, 272, Fr.) will be counted on to provide depth.

High School: Ryle

Birthdate: October 25, 1978

Major: Business Adm./Management

Saw action in all 11 games last season, making two starts. Caught seven passes for 135 yards. Listed first-team on the preseason depth chart. Will also serve as MSU's holder on placements and is a candidate for the punt returner spot.

83 Brian Ramsey WR

6-0, 182, Jr., Mayfield, Ky.

High School: Graves County

Birthdate: April 10, 1979

Major: Biological Science

Saw extensive action last season as a back-up wide receiver. Caught four passes for 27 yards. Listed first-team on the preseason depth chart.

Position Analysis

MSU must replace standout receivers Kimba Bush and Todd Chase. Chase ended his MSU career with a share of the school record for touchdown receptions in a career. **Moeves** and **Ramsey** backed up last year's talented seniors and will likely be the starters at wide receiver with the season opens. **Blair** is a steady veteran, and **Gatewood** has outstanding quickness and speed. Other candidates are newcomers **Tim Bess** (6-1, 198, Fr.) and **Mark Pinnix** (6-2, 175, Fr.).

When MSU uses a tight end, the candidates will be **John Showalter** (6-2, 220, Fr.) and **Randy Saunders** (6-3, 215, So.), both of who were red-shirted last season.

Athletic Facilities, Academic Opportunities

Jayne Stadium seats 10,000 fans and has press box facilities to handle more than 75 members of the news media. The main Eagle athletic training room is located at the Northwest corner of the stadium. The Phil Simms Weight Training Facility is located in the Northeast corner of the stadium. Morehead State University offers a variety of academic opportunities and outstanding instruction, from hands-on research facilities and modern computer laboratories to award-winning professors.

Part of the Pageantry

Always a part of Eagle football games are the MSU cheerleaders and marching band. MSU's co-ed cheerleading squad has won 10 national championships, including nine in a row. The all-girl squad won its second national championship last January. The marching band program and all music programs at the University are highly rated. The band will present pregame and halftime shows throughout the season.

Dear Friends:

Morehead State University is committed to upholding the highest integrity within all procedures and practices of the athletic department. We are pleased to publish this note as a reference to understanding often confusing NCAA regulations.

The NCAA defines "representatives of athletic interests" as alumni, friends and boosters of the University. All member institutions are held accountable for their representatives' actions. One violation could jeopardize the eligibility of any or all Eagle Athletic programs.

As a general rule, anyone who has financially supported Eagle Athletics, been a member of any booster organization, or who has supported Eagle Athletics is considered a "representative" of Eagle Athletics. If anyone has questions regarding these types of relationships, please contact Brian Hutchinson, Director of Development & Marketing (606) 783-2593.

Prospective student-athletes can be defined as a student who has started classes in the ninth grade or any younger student-athlete who has received a benefit from the institution. These individuals may only be recruited by MSU coaches who have passed the *NCAA Recruiting Rules Examination*. While "representatives" of Eagle Athletics may speak to any of these individuals via telephone or in person, a recruiting effort must not be made. Also, no student-athlete or prospective student-athlete may receive any extra benefit outside of the support provided by the institution. For any questions regarding this description, please contact Jim Wells, Compliance and Educational Services Director (606) 783-5136.

These are certainly not all the regulations any "representative" of Eagle Athletics must remember. However, they provide a good outline of the types of things that could endanger the eligibility of any MSU Athletics program. Again, feel free to contact us if you have any questions. Thanks again for your support of Morehead State Athletics.

Sincerely,

Jim Wells
Compliance and Educational Services Director

Brian Hutchinson
Director of Development & Marketing

OVC Sportsmanship Statement

General. The Ohio Valley Conference is committed to establishing sportsmanship and developing healthy environments for competition. This conference wants to lead the way in abolishing the notion that it is desirable to create a "hostile" environment for intercollegiate athletic contests. Instead, we will strive to create "hospitable" environments. We believe that part of the role of education through sports is to teach our youth and our communities to conduct themselves with sportsmanship and respect for opponents.

In an effort to achieve this goal, the Conference has developed this statement which outlines the expectations of the various groups and individuals associated with our intercollegiate athletics program.

Administration. It is incumbent upon institutional administrators to create an environment of hospitality for visiting teams, particularly for those individuals at Conference institutions. OVC administrators must develop the attitude that the treatment of a visiting team and its fans will be in the same manner that they would want their teams to be treated.

The athletics director at the host institution must ensure that he or she, or someone else designated as game manager, approaches the coach of the opposing team at a spectator event in order to welcome that coach to the institution, provided an opportunity for the coach to address and concerns, indicate the location of the game manager in the arena or stadium and identify security personnel to ensure that the visiting team is protected from abuse from the home crowd and that security is in very close proximity to the visiting team's bench. Each institution must arrange its seating at spectator events so as to emphasize sportsmanship and minimize the harassment of the visiting team and its fans.

The athletics director must ensure that those who are employed by the university treat the opponents with fairness and respect. For example, public address announcers must be required to announce the contest in an evenhanded manner with equal excitement for both teams. The institution's chief executive officer and athletics director should review periodically with other athletics department staff members, coaches, student-athletes and spirit groups (cheerleaders and bands) precisely what is acceptable conduct, as set forth in this document.

Coaches. Coaches have the greatest amount of influence over whether the young people in their programs are taught and follow the high principles of sportsmanship. The OVC has been benefited by coaches who have risked losing a contest by removing student-athletes who have demonstrated disrespect for the opponents. This discipline measure educates that individual and his or her teammates about the importance of sportsmanship over participation and winning. This type of attitude and courage must be adopted by all OVC coaches. Administrators and coaches must pay special attention to their student-athletes' behavior and continually emphasize the need for sportsmanship and respect. Such education is needed to counteract the constant messages received by our young people from many professional athletes and others who demonstrate a lack of respect for opponents. This Conference and its coaches are committed to teach messages that are appropriate about sportsmanship.

Coaches also have the ability to influence the behavior of their fans. OVC coaches must take every opportunity when addressing the media, booster groups or other public forums to express the desire for fans to support their team at home contests, but not to abuse the visiting team. Coaches and administrators should stress that the participants in our athletics contests are young people who do not deserve to be mistreated by a hostile crowd.

Student-Athletes. Respect for the game in which the student-athlete participates also demands respect for the opponent. Student athletes at OVC institutions are expected to treat opponents with sportsmanship. There can be no tolerance for taunting and baiting of opponents.

OVC student-athletes must understand that they are perhaps the most visible representatives of their institutions. Also, their behavior is observed and emulated

by many who are younger. OVC student-athletes must honor the responsibilities that accompany the privilege of representing our schools by behaving with dignity and class on and off the field.

Spirit Groups. Like our student-athletes, these groups are visible representatives of our universities. As such, we place high expectations on them for decent behavior. Cheerleaders, bands and other spirit groups are admitted to contests at the pleasure of our institutions to support their teams and assist in creating a fun atmosphere. They are not admitted in order to disrupt or confront the opponent and such behavior will not be tolerated. Their focus must be toward encouragement of their team and respect for the opposing team.

Officials. Officials who are assigned Conference contests must enforce the rules regarding sportsmanship, without tolerance for abuse. The only warning to participants and coaches regarding sportsmanship should come at the beginning of the contest. Once the contest begins, penalties (consequences), not warning, must be assessed for violations of unsportsmanlike conduct. Similar to the baseball policy of ejecting coaches for arguing balls and strikes, the Conference will require that officials eject any coach who protests unsportsmanlike conduct calls, provided such ejection is permissible to the rules of that sport.

Each official assigned by the OVC will be provided a card with the following statement which must be read to the captains and coaches of every contest prior to the beginning of the game: "The OVC requires officials to enforce all rules regarding unsportsmanlike conduct by coaches and players. There will not be any tolerance for negative statements or actions between opposing players, especially taunting and baiting. If such comments are heard, a penalty will be assessed immediately. If any coach protests an unsportsmanlike penalty, he or she will be ejected for the contest. We have been instructed not to issue warnings during the contests. It is strongly suggested that you remind your participants of this policy." Officials who do not follow this policy will be subject to suspension.

Commissioner. The commissioner is expected to enforce the unsportsmanlike conduct rules of the game and the Conference. He or she is authorized to assess penalties for improper behavior that is not detected or properly addressed during the contest. Institutions and their personnel are expected to fully cooperate with his or her effort to investigate possible improper behavior.

In the unfortunate event that an altercation occurs during a contest, all individuals who are on the bench are expected to remain there. It is incumbent upon the head coach to ensure that this occurs. The commissioner is directed to suspend automatically the head coach of a team whose bench personnel enter the field or court of play during an altercation, regardless of whether those individuals become involved in the altercation.

Fans. The Conference hopes and believes that the establishment of the principles outlined in this document will create a wholesome atmosphere that will attract more fans to our events. The fans attending our games must be reminded by the public address announcer of the expectations of sportsmanship and respect for both opponents.

We expect that all fans will act in an appropriate manner, and respect the opposition and the officials. We understand that occasionally there are individuals who attend games and abuse the opposition and officials. Those individuals may be dismissed from athletic events.

Concluding Statement. The Conference believes that the effort to meet the expectations outlined in this document will increase the attractiveness at our athletic events by creating a healthy environment for our competition.
